

Join us at CastForge 2024

GREENCASTING LIFE partners will be attending the **Trade Fair for Castings and Forgings with Processing in Stuttgart, Germany, from June 4-6, 2024**. This event provides a unique opportunity to learn more about our project and its impact on the foundry industry. Do not miss this opportunity to network with industry experts and learn about the latest advancements in inorganic binder technology.

Event Details

- Date: June 4-6, 2024
- Location: Stuttgart, Germany
- Hall: Metalurgica Madrileña, S.A. on stand number 5D41 and Odlewnie Polskie S.A. on stand number 5E54.

Project Highlights

The GREENCASTING LIFE project aims to reduce hazardous emissions and improve indoor air quality for foundry workers making the foundry industry a more sustainable and environmentally friendly sector. The inorganic binders offer a sustainable alternative to traditional organic ones, reducing the environmental impact of the foundry industry.

We look forward to seeing you at CastForge 2024.

Metalurgica Madrileña, S.A. on stand number 5D41

Odlewnie Polskie S.A. on stand number 5E54.
